

Copyright 2.0 Rights Implications and User Generated Content

Moderator

Ed Colleran Senior Director, Rightsholder Relations
Copyright Clearance Center

Panelists

Dan Gisolfi IT Software Architect, Emerging Internet Technologies
IBM Software Group

Greg Merkle Vice President, Creative Director, Dow Jones Enterprise
Media Group

Robert Lands Partner, Finers Stephens Innocent LLP

Issues to be explored

- What's new in social media?
- Who owns the content and what rights need to be considered
- International implications
- What impact is social media having on intellectual property
- Users freedom to create new content vs. the rights of the original content owner
- Revenue opportunities
